

HEATED GATE NIPPERS

HHD200

MOLDERS CHOICE heated gate nippers are designed with the operator in mind. The lightweight cutters are made for quick, easy degating. The blades are designed not to interfere with the part and sprue.

HEC120 HEAVY DUTY

MOLDERS CHOICE offers this unique heated cutter in different blade configurations.

-ADVANTAGES-

- EXCELLENT ON ACRYLICS
- SMALL, COMPACT & LIGHTWEIGHT
- LEAVES A SMOOTH, CLEAN CUT

HLB130 END CUTTER

HEETAIR™ AIR OPERATED GATE CUTTER

The special-design blade is heated and is best used for cutting hard materials such as acrylic.

HAB170 EXTRA LONG BLADE
