

PLASTIGRIP™ FLASH-TRIMMING KNIVES

For Injection, Roto and Blow Molding

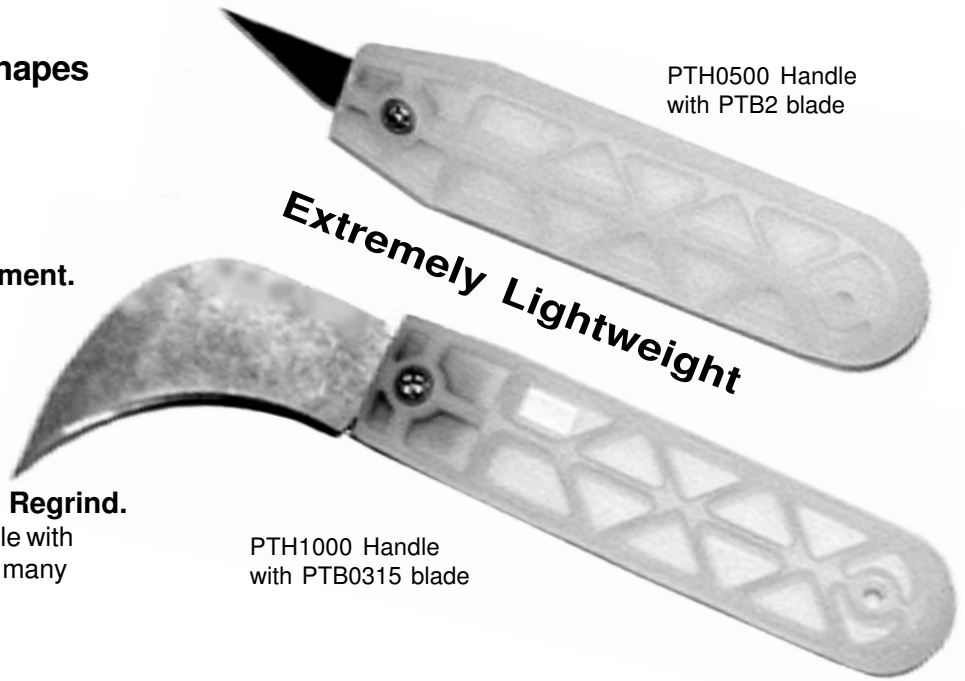

- Unique handles are injection molded Polypropylene.
- Handles are durable and comfortable.
- Choose from a variety of sharp, tough blades.
- **Excellent for trimming all shapes and sizes of molded parts**
- **Lightweight, easy to use**

Minimize Damage to Your Equipment.

- No thick metal sections to damage granulator blades
- Blade and fasteners are small enough to be caught by your hopper magnet.

Minimize Contamination of Your Regrind.

- Polypropylene handles are compatible with roto and blow molding materials and many injection materials.
- No colorant used.
