

Rhino Feet™ Mold Elevation Pads

Rhino Feet are magnetic which means they can travel with the workpiece. Stick them on and leave them in place. Eliminate wood pallets and wood blocks from your shop!

A single pad has a safe working load of 7000 pounds!

**Rhino Feet Have Unbelievable Capacity
They Support Massive Weight Loads!**

The top of each Rhino Foot has a rare-earth magnet molded directly into the part. It provides strong holding power on metal surfaces.
